

What we know: This is a scanned negative from a collection donated by the Temple family, who were pioneers in Oconto Falls, Wisconsin. The house is a Sears Home, built in the 1920s and located on the Temple family farm. The photograph is from a group likely taken shortly after WWI by William Temple, who was an amateur photographer.

What we know: A sixteen (16) page booklet. The introduction provides an overview of Clintonville's natural and social resources. The rest of the booklet briefly describes each of the businesses and industries operating in Clintonville, Wisconsin in 1898 and names their proprietors. Includes an engraving of Clintonville High School on page 5. Scans were donated, but the library does not own the original.
