

WILS

ideas to action

We believe libraries, cultural institutions, and their partners make the world a better place.

We build relationships and provide services so they can do more with their time and money.

We help our members turn ideas into action.

WiLS Services and Projects

If you want to make a purchase for your library or cultural institution, join over 450 organizations using our Cooperative Purchasing program to save money and time. Our negotiated discounts and streamlined subscription management portal will add dollars to your budget and hours to your day.

WiLS has the experts to guide you to the answers you need. We are project management and process development pros who listen to your needs to create a reliable process, whether it is strategic planning, survey development, or an idea you've had for a long time, but don't know where to start.

WiLS manages statewide and national consortia. Our finely-honed skills in project and financial management, governance and meeting support, communication, and research can activate nearly any community of practice on a wide variety of projects, from single-task workgroups to large-scale, ongoing collaborations.

WiLS Services and Projects

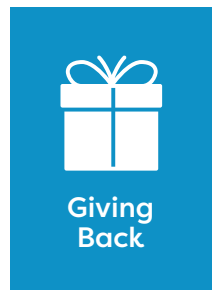

From planning to scanning, cataloging to preservation, WiLS staff members have the expertise to help you launch and tend your digital collections. Whether you are looking for education and training for your staff or a consultation to get a project launched, WiLS can help you at any stage of your digital project.

WiLS event management services allow you to focus on what's important – your attendees! – by taking off your plate the coordination of planning meetings, timeline administration, technology considerations, venue arrangements, communication, financial management, and more.

WiLS believes we are all in this together. Our community of libraries and cultural organizations is an ecosystem that we are honored to invest in. We offer grants and free learning opportunities, and WiLS staff members are allotted a percentage of their time to spend on pro bono projects that give back to the community.

Maybe you've heard of some of our work:

We've consulted with over 60 libraries and library systems to create and implement strategic plans.

We provide collaboration management to:

- Wisconsin Public Library Consortium
- Wisconsin Schools Digital Library Consortium
- WISPALS Technical College Library Consortium
- Recollection Wisconsin
- Horticulture Library Consortium
- City Libraries Collective

We save more than 450 organizations time and money through cooperative purchasing.

We've given dozens of \$5000 grants to libraries and cultural organizations through our Ideas to Action Fund.

And so much more. Connect with us at <https://wils.org> or information@wils.org to discover how we can help your organization save money and do more.
