

## Who We Are

WiLS is a Wisconsin-based non-profit membership organization serving more than 600 libraries and cultural organizations. WiLS saves members time and money by facilitating collaborative projects and delivering customized services. Our services include consulting, collaboration support, events, and Cooperative Purchasing. Access all the information about us at [wils.org](http://wils.org).

## What is WiLS Cooperative Purchasing?

Through an annual membership fee, members access WiLS' Cooperative Purchasing program, which saves time and money through subscription management, consolidated and customized invoicing, and discounts on products from databases to furniture. Read more at [wils.org/do/coop](http://wils.org/do/coop).

## What is MyWiLS?

## Current Subscriptions

The following is a list of the databases that your library subscribes to through WiLS. Please add the link and login credentials as needed. We highly recommend double checking that all the links are front facing on your library's website/LibGuide to ensure they are working properly. You may also subscribe to other databases directly with the vendor and not through WiLS; you can add more sections as needed to track those databases as well as your subscriptions through WiLS.

## How to Access Usage Statistics

Usage statistics for your electronic resources are an important assessment tool. We encourage you to review usage stats annually. There are three ways to access usage stats:

- Email [coop@wils.org](mailto:coop@wils.org) to request usage stats from WiLS. WiLS will contact vendors on your behalf and the statistics will be emailed directly to you from vendors. Include: Name of vendors, databases, and the date range needed (encouraged).
- Email vendors directly and include name of vendor, database, and the date range needed.
- Pull usage stats yourself from vendor admin portals (requires links and instructions from vendors).

## How to Access Licenses

Copies of licenses for resources carried by WiLS are available upon request. Please email [coop@wils.org](mailto:coop@wils.org) and list the vendor and database name for each license you would like to receive.

## Additional Resources for Academic Members

In addition to cooperative purchasing, WiLS offers valuable resources for our Academic members through grants, collaborative support, and learning opportunities:

### **Ideas to Action Fund ([wils.org/ideas-to-action](https://wils.org/ideas-to-action))**

The WiLS Ideas to Action Fund provides grants of up to \$5,000 to member organizations so they can bring their project ideas to life. The Fund encourages partnerships and collaborations among WiLS members and with community partners, supports innovative and exploratory new work, and seeds the development of processes, methods, or resources that can be used by other WiLS members. The application process and the grant reporting are designed to be easy and quick so you can focus on what you do best - serving your students! If you have an idea and need some funding to get it started, the application period runs annually from approximately April through May. This is not your typical grant writing experience, we promise!

### **WISCAL ([wils.org/do/collab/wiscal](https://wils.org/do/collab/wiscal))**

WISCAL is a collection of over 1,500 ebooks and digital audiobooks on the OverDrive platform shared by 14 Wisconsin private and public academic libraries. The collection is designed to provide recreational reading and professional development materials to members. For more information about WISCAL or to join, contact us at [coop@wils.org](mailto:coop@wils.org).
